

105:1014-INN-MISC

March 15, 1927

Superintendent,
New Jersey State Hospital,
Trenton, N.J.

Dear Sir:

At the request of Mrs. Hall, I enclose two letters which have recently come to her, apparently from inmates of the hospital. If it is possible, Mrs. Hall would greatly appreciate your courtesy in instructing your representatives not to forward any further mail from inmates to her. She is in receipt of a considerable number of letters constantly from persons who are obviously insane and, where such persons are confined, it would seem feasible to prevent the continuance of such letters.

Thanking you for your assistance in this matter, I am,

Very truly yours,
